

The Library is committed to providing high quality scholarly information, resources and services to support UWS research endeavours.

Research Services Librarian

Individual appointments to assist with:

- Citation tracking for literature review writing, updating your curriculum vitae and writing grant applications.
- Selecting the best possible publication outlet for your research (journal articles, conferences and books).
- Impact analysis of your research (for grant applications and promotional opportunities).
- Identifying potential collaborators.

Contact Susan Robbins 02 9852 5458 or s.robbins@uws.edu.au

Liaison Librarians

Individual appointments to assist with:

- Information retrieval (including fully utilising the Library website and identifying the best discipline specific databases for your research).
- Advanced searching techniques.
- Initiating alerting services to keep abreast of research in your field.

Information Central

For general assistance throughout Library opening hours, including evenings and weekends.

Phone: 02 9852 5353

Library

Supporting
Research
at UWS

<http://library.uws.edu.au>

Training

Training sessions are conducted on multiple campi in the following areas:

- Citation tracking
- Getting Published
- Patent searching
- *EndNote*

Research Resources Webpage

Contains information and some printable documents on a range of areas including searching for theses, advanced searching techniques, and locating grey literature.

[Library Website > Resources > Research Resources](#)

Library Research Support News

A quarterly electronic newsletter containing information relevant to the UWS research community including:

- New resources or enhancements to current resources
- New Library initiatives
- Training schedules including newly developed training sessions

Document Delivery

Our Document Delivery service obtains items not held within the UWS Library system in support of teaching, learning and research. This service is available to:

- Academic and general staff members employed by UWS
- PhD, Masters and Honours students enrolled in courses at UWS

[Library Website > Services > Postgraduate Student Services or Academic & General Staff Services > Document Delivery](#)

Bibliographic Management

RefWorks and *EndNote* are bibliographic management systems for storing and managing references.

RefWorks is a web based program available to all UWS staff and students.

[Library Website > Services > Postgraduate Student Services or Academic & General Staff Services > RefWorks](#)

EndNote is a database program which requires a software download available from the Library web site. *EndNote* is available to UWS staff and postgraduate students.

[Library Website > Services > Postgraduate Student Services or Academic & General Staff Services > EndNote](#)

Purchasing Research Material

Academic staff may suggest purchases via their Head of School or designated Library Signatory.

Research Centre staff may suggest purchases through the Centre Director or the Research Services Librarian.

Research students may suggest purchases online.

[Library Website > Services > Postgraduate Student Services or Academic & General Staff Services > Suggestions for purchase](#)

Wireless Enabled

All UWS campuses are wireless enabled.
